FOR ATTENTION – PENDALE FOODS

Dear Sir/Madam

SUBJECT : COMPLIANCE TO SANS 885 PROCESSED MEATS

Pendale Foods, specifically, Pendale Smoked Cheese Sizzler was tested on 14 June 2017 via the SAMPAA Perten Diagnostic Machine or via a SANAS accredited laboratory and the product was found to be compliant with the current SANS885 minimum specificational requirements.

The results of the product tested is detailed below:

Product Description	Segment	Type	Size	Manufacturer per Packaging	Holding Company	Nitrogen g/100g	Protein	Total fat g/100g	Moisture g/100g	Sodium mg/100g	TME
Pendale Foods Smoked Cheese Sizzler 300g	Sizzler	Cheese -	300g	Pendale Foods		2.079	12.99	32.71	48.01	969.45	95

We wish to thank you for the quality of your product, and for complying with SANS885.

As you would be aware, the processed meat industry in South Africa, represented by the industry body SAMPAA, is regulated under DAFF regulations. This regulation references SANS885 which is the National Standard that governs the minimum compositional and processing standards for the processed meats industry.

The Agency for Food Safety (Pty) Ltd has been appointed by DAFF as the assignee responsible for the regulation relevant to processed meats which fall under the SANS885 definition.

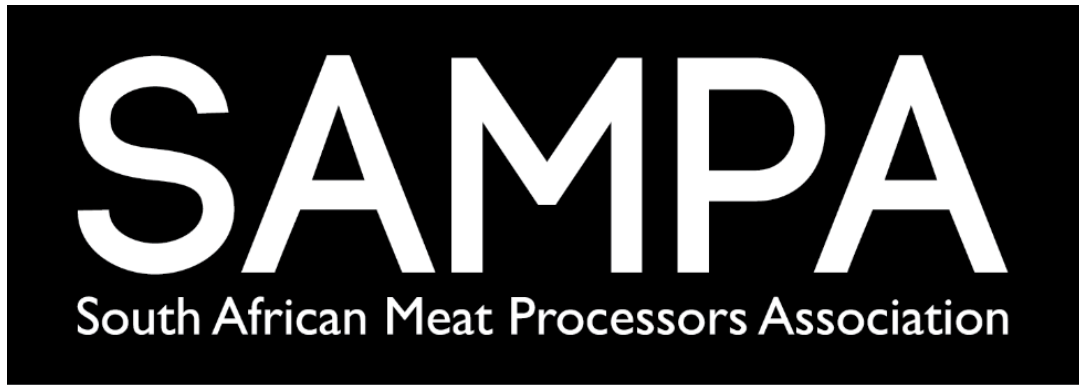

Should you require, the SAMPAA technical committee members listed below are available should you wish to discuss any components of SANS885.
